Responding to the Needs of the Jewish Community

Your resilience and dedication are guiding our Jewish community through a year filled with uncertainty and isolation. Fueled by the generosity and leadership of community members like you, Federation and our network of partners have quickly pivoted to support our neighbors who need the most help and to provide the direction and stability needed to emerge from this period stronger than ever.

We are committed to providing you with the data, stories and insights that demonstrate the incredible results you are achieving through your generous investment. The pages that follow show the outcome of a study from leading researchers at Brandeis University that reveal the most urgent areas of need – as well as the powerful response that you are creating.

When a community pulls together in the wake of crisis, we reveal our character and unleash the potential for meaningful change. Our Jewish community has grown closer than ever and is making the world a better place. Since the moment this crisis began, thousands of local community members have done something wonderful – joining together to accomplish more than any one of us could do on our own.

Your support is delivering desperately needed relief to vulnerable adults and children in the Palm Beaches, Israel and around the world. But that's not all. You are also providing meaningful and accessible connections with Jewish life, and achieving our vision of a safe, caring and welcoming Jewish community.

We couldn't have done it without you. And we're honored to be in this community with you. From all of us at Federation and our beneficiaries locally and across the globe, thank you!
