- Lay blanket on the floor.
  - *Don't worry, the blankets will be washed afterwards.*
- Remove corners by cutting a 6-inch by 6-inch square by using the 6-inch ruler provided.
  - *Tip: after you cut the first corner, use the square scrap as a template for the other 3 corners.*
- Cut 1-inch by 6-inch fringes on the sides of the blanket (this is the exact size of the ruler)
- Take each fringe and tie a knot.
  - **DO NOT TIE TO FRINGES TOGETHER.**
- Periodically lay the blanket out flat on the floor. Make sure that the blanket is not curling towards the center. If the blanket is curling, your knots are too tight.
